WHO ARE WE:

Since 1999, Andrew's Mobile Windscreens – a truly local **Townsville** company – has been committed to providing exceptional Automotive Glazing services and solutions throughout the Northern and Central Queensland districts.

In 2009, we created our Sister company, Australian Specialised Machinery Glass. We have grown considerably in the past 14 years and now have branches in **Mackay**, **Moranbah** and **Blackwater**.

We are now one of the largest independent automotive glazing companies in Queensland.

Not only do we have amazing local and loyal customers who have helped us grow to what we are today, we also supply some of the largest companies in Australia and off-shore with both standard and custom products.

Our goal is to supply products which are fit-for-purpose with the consideration of operator safety and comfort, as well as minimised machinery and vehicle downtime as goals driving our performance for our customers.

INSURANCE REPAIRS:

We can work with you and your insurer to have your windscreen fixed or replaced.

Our aim is to get you safely back on the road as quickly as possible, saving you time and money.
